Of unlisted securities dealt in at the Stock Exchange, Cotton Seed Oil certificates were a special feature; they sold \$3,400 at 35, \$1,500 at 35-5-8. Chicago Gas also attracted attention, and sold \$4,400 at 1-1-2. Lehigh and Wilkes-Barre Coal (\$800) at 10-1-2. Toledo, Ann Arbor and North Michigan Union at 10-1-2. Western Union at 10-1-2. Western and Mount Desert Land (\$500) at 2-2. Money at the Stock Exchange was extremely easy, with abundant funds at 1-2 per cent. The talk about the situation offering an opportunity to manipulate high rates in the interest of "bears" in stocks is the height of absurdity. Under present conditions—the banks' large surplus and \$20,000,000 to \$30,000,000 of bonds ready to be sold to the Treasury at the first opportunity to reinvest—manipulation is all talk.
